ENHANCED TEAM DEVELOPMENT AND DYNAMICS CERTIFICATE

Program Description

Teams who work together effectively can achieve far greater results than the same number of people working independently or in silos. However, a group of individuals working together is not necessarily considered a team. A team is a group of people that have the mindset of “win together, lose together.” The Enhanced Team Development and Dynamics Certificate program focuses on how to develop a team that works together to achieve success.

Program Requirements

Participants must attend each session, complete the required courses (24 hours of training) and any optional courses chosen at the start of the program. Successful graduation requires sign-off from the program instructor and the participant’s immediate supervisor indicating they have completed all assignments and put the tools into practice.

Pre-work

- **Complete Lumina Spark questionnaire** (approx. 20 mins – details sent out in a separate email. Must be completed at least one week prior to session commencement)
- **Read Five Dysfunctions of a Team** by Patrick Lencioni (3-4 hours)

Required Courses

Module 1 – Lumina Spark – Course Length: 5 hours

Using Lumina Spark as the foundation for the conversation, participants will learn about their unique behaviours, strengths, weaknesses to manage and how to communicate and build rapport with others based on 24 behaviours. Participants will also learn how to work to leverage each other’s strengths to become a more effective team. Each participant receives a customized Portrait.
